Application process depends on your entry point:

From mainland CHINA

We need clear scan copy of your passport and visa. If you do not hold a tourist visa (L), additional documents are required. Please, contact us for further information.

If you are entering Tibet by plane from mainland China, you will need the original permit. We will send it to any address in China that you wish, be it your hotel, a friend's house or any International Airport where you connect with your Lhasa flight (additional fee apply for airport delivery). If you are arriving by train, you will only need a photocopy of the permit. We will send it by email so you can print it.
